**FOUNDATION**

**ASTRONG  
FOUNDATION  
IS THE KEY TO CREATE  
LONG TERM**

**SUCCESS**

**IIT-JEE & NEET FOUNDATION FOR**

**IGCSE • ICSE • CBSE • SSC**

## DIRECTOR'S DESK

### PROF. SANTOSH YADAV

A Post Graduate in Chemistry from R.N. Jhunjhunwala College, who cleared SET and NET in the first attempt. He went on to teach for R.N. Jhunjhunwala College as Senior College Lecturer and later founded Ace Chemistry Private Tuitions in 2007 & Ace Private Tuitions for ICSE in 2015. Today, he is a name synonymous to Chemistry across Mumbai, having produced top results in Chemistry year on year.

Being passionate about teaching Science for the last 23 years, I have observed that students lack correct scientific approach. In most of schools, questioning attitude of a student is lost or minimised in the guise of scoring more marks or becoming topper in exams.

We, Aarohan Foundation, want to bring out correct scientific approach, mathematical reasoning and questioning the facts of Science.

Aarohan Foundation will inculcate the logic of Science and Maths without disturbing regular schedule of the student.

### \* ADVANTAGES OF AN EARLY START :

- Understanding & adapting to the pre-requisites of competitive exams.
- Building a strong foundation by learning in depth concepts of subjects.
- Developing temperament, boosting self-confidence, learning innovative techniques, improving on time management & cracking competitive exams.
- Higher chances of selection in competitive exams after Class XII.

# FOUNDATION SYSTEM

UNLEASHING THE TALENT WITHIN STUDENTS AT A YOUNG AGE TO HELP THEM FOCUS BETTER TOWARDS A SUCCESSFUL FUTURE.

# **: FOUNDATION COURSES :**

**BASE BUILDER (FOR STD. VIII)**
